

This is the Sutton Grammar School Trust's privacy policy for you as a student at the School. It is about how we use information about you and what we do with it. We call this information about you 'personal data' or 'personal information.'

Who we are

1 You already know that your school is called Sutton Grammar School and that it is run by the Sutton Grammar School Trust (the Trust). The Trust is the organisation which is in charge of your personal information. This means the Trust is called the Data Controller.

2 The postal address of the Trust is Manor Lane SUTTON SM1 4AS.

3 If you want to contact us about your personal information you can contact our Data Protection Officer who is Dr Wrench. You can speak to him in school or you can leave a letter at reception or send one by post or email him at dpo@suttongrammar.sutton.sch.uk

How we use student information

4 As the Trust we collect and hold personal information relating to our students and may also receive information about them from their previous school, a local authority and / or the Department for Education (DfE). We use this personal data to:

- support your learning
- monitor and report on their progress
- provide appropriate care for you; and
- assess the quality of our services
- to comply with the law about sharing personal data

5 This information will include your contact details, national curriculum assessment results, attendance information, any exclusion information, where you go after you leave us and personal characteristics such as your ethnic group, any special educational needs you may have as well as relevant medical information. We will also use photographs of you. More details about this are in our Media Policy.

6 For students enrolling for post 14 qualifications, the Learning Records Service will give us the unique learner number (ULN) and may also give us details about your learning or qualifications.

7 The use of your information for these purposes is lawful for the following reasons:

- The Trust is under a legal obligation to collect the information or the information is necessary for us to meet legal requirements imposed upon us such as our duty to safeguard students.
- It is necessary for us to hold and use your information for the purposes of our functions in providing schooling and so we can look after our students. This is a function which is in the public interest because everybody needs to have an education. This means we have a real and proper reason to use your information.

- We will not usually need your consent to use your information. However, if at any time it appears to us that we would like to use your personal data in a way which means that we would need your consent then we will explain to you what we want to do and ask you for consent. This is most likely to be when we are involved in activities which are not really part of our job as a school but you are involved because we think it would benefit you. If you give your consent, you may change your mind at any time. Usually, we will involve your parents even if you can make your own decision, particularly if it is a more complex matter.

8 When we collect personal information on our forms, we will make it clear whether there is a legal requirement for you or your parents to provide it, and whether there is a legal requirement on the School or the Trust to collect it. If there is no legal requirement then we will explain why we need it and what the consequences are if it is not provided.

When we give your information to others

9 Once you reach the age of 13, the law requires us to pass on certain information about you to the Youth Support Services in your local authority area who have responsibilities in relation to the education or training of 13-19 year olds. We may also share certain personal data relating to you once you are 16 and over with post-16 education and training providers in order to secure appropriate services for you. Your parent or guardian can request that **only** your name, address and date of birth be passed to the provider of Youth Support Services in your area by informing Mrs Mottershead, the School's Registrar. This right is transferred to you once you reach the age 16. For more information about services for young people, please go to your local authority website.

10 We will not give information about you to anyone without your consent unless the law and our policies allow us to do so. If you want to receive a copy of the information about you that we hold, please contact the Registrar Mrs J Mottershead.

Information passed by Law

- a) Department of Education

11 We are required, by law (under regulation 5 of the Education (Information About Individual Pupils) England Regulations 2013), to pass some information about our students to the Department for Education (DfE). This is the part of the Government which is responsible for schools. This information may, in turn, then be made available for use by your local authority.

12 The DfE may also share information about students that we give to them, with other people or organisations. This will only take place where the law, including the law about data protection allows it.

13 We are required by law, to provide information about our students to the DfE as part of statutory data collections such as the school census and early years' census. Some of this information is then stored in the national pupil database (NPD). The law that allows this is the Education (Information About Individual Pupils) (England) Regulations 2013.

14 To find out more about the student information we share with the Department, for the purpose of data collections, go to <https://www.gov.uk/education/data-collection-and-censuses-for-schools>.

b) The National Pupil Database (NPD)

15 The NPD is owned and managed by the Department for Education and contains information about students in schools in England. It provides invaluable evidence on educational performance to inform independent research, as well as studies commissioned by the Department. It is held in electronic format for statistical purposes. This information is securely collected from a range of sources including schools, local authorities and awarding bodies. To find out more about the NPD, go to [National pupil database: user guide and supporting information - GOV.UK](#).

c) Further data sharing

16 The DfE may share information about our students from the NPD with third parties who promote the education or well-being of children in England by:

- conducting research or analysis
- producing statistics
- providing information, advice or guidance

17 The DfE has robust processes in place to ensure the confidentiality of our data is maintained and there are stringent controls in place regarding access and use of the data. Decisions on whether DfE releases data to third parties are subject to a strict approval process and based on a detailed assessment of:

- who is requesting the data
- the purpose for which it is required
- the level and sensitivity of data requested: and
- the arrangements in place to store and handle the data

18 To be granted access to student information, organisations must comply with strict terms and conditions covering the confidentiality and handling of the data, security arrangements and retention and use of the data.

19 For more information about the DfE's data sharing process, please visit: <https://www.gov.uk/data-protection-how-we-collect-and-share-research-data>

20 For information about which organisations the DfE has provided student information, (and for which project), please visit the following website: <https://www.gov.uk/government/publications/national-pupil-database-requests-received>

21 To contact DfE: <https://www.gov.uk/contact-dfe>

Sharing with parents and others

a) Parents

22 We will also normally give information about you to your parents or your main carer. Where appropriate, we will listen to your views first. We will also take family circumstances into account, in particular where a Court has decided what information a parent is allowed to have.

b) New school

23 If you leave Sutton Grammar while still of school age we will send your personal data to your new school.

c) Safeguarding

24 If we have any child protection concerns we may also disclose your personal data to the:

- School nurse
- School Counsellor
- CAMHS (Child and Adolescent Mental Health Service)

The information disclosed to these people / services will include sensitive personal information about you.

Lawful basis of disclosure

25 Our disclosure of your personal data is lawful for the following reasons:

- The Trust is under a legal obligation to disclose the information or disclosing the information is necessary for us to meet legal requirements imposed upon us such as our duty to look after our students and protect them from harm.
- It is necessary for us to disclose your information for the purposes of our functions in providing you education. This is a function which is in the public interest.
- We have a legitimate interest in disclosing your information because it is necessary in order to provide our students with education and pastoral care and connected purposes as outlined above.

26 We will not usually need consent to disclose your information. However, if at any time it appears to us that we would need consent then this will be sought before a disclosure is made. We will ask you for consent once we think that you can understand what we are asking. This is because the law requires us to ask you if you can understand. Normally, we involve your parents too. By law we won't need their consent if you can give it but parents like to be involved because it is part of looking after you. Before you are old enough to understand we will ask your parents to consent for you.

Transfer of data overseas

27 We do not normally transfer your information to a different country which is outside the European Economic Area. This would only happen if one of your parents lives abroad or if you move to a new school abroad. If this happens we will be very careful to make sure that it is safe to transfer your information. We will look at whether that other country has good data protection laws for example. If we cannot be sure that it is safe then we will talk to you and your parents about it and make sure that you are happy for us to send your information. As this is not something we normally do and we don't know which country we might need to send your information to, we cannot tell you more about it now but if we want to transfer your data to a different country then we will tell you whether or not we think it is safe and why we have decided that.

How long we keep your information

28 We only keep your information for as long as we need to or for as long as the law requires us to. Most of the information we have about you will be in our student file. We usually keep these until your 25th birthday unless you move to another school in which case we send your file to your new school. We have a policy which explains how long we keep information. It is called a Data Retention Policy and you can find it on the School website.

Your rights

29 You have these rights:

- You can ask us for a copy of the information we have about you
- You can ask us to correct any information we have about you if you think it is wrong
- You can ask us to erase information about you (although we may have good reasons why we cannot do this)
- You can ask us to limit what we are doing with your information
- You can object to what we are doing with your information
- You can ask us to transfer your information to another organisation in a format that makes it easy for them to use.

30 There is more information in our Data Protection Policy on the School website or you can ask Dr Wrench.

31 You can complain about what we do with your personal information. If you are not happy with our answer to your complaint then you can complain to the Information Commissioner's Office:
