| Period 6 14:03 - 14:48 | Computer Science | Games |
| Period 7 14:50 - 15:35 | | Games |

Cogitas is a lesson outside of your A Levels where a range of subjects are offered. This allows students a reprieve from exam content and the opportunity to broaden their general understanding.

Each week there are allocated periods where you sign in, either in the study room or library, and can sit in a quiet space to finish homework or revise.

For afternoon games, you can take a coach to our sports grounds to play football, rugby and cricket or stay at school for badminton, basketball or table tennis. Students can leave to go to the gym and members of Greenpower can use this time to build a car.
